1. On 3 April 1947, the Consumers' Cooperative of Wittenberg wrote to the Economic Commission of the city and county of Wittenberg requesting that 43 sequestered enterprises be turned over to the cooperative. See Attachment I for detailed list.
2. The letter continues: "We might mention that we have been informed by the Consumers' Cooperative Hq. that the enterprises listed in Basic List A and supplementary lists have been expropriated and are to be offered to the Consumers' Cooperative Hq., to the Industrie Werke of the Province of Saxony, and to the Consumers' Cooperative of Wittenberg. All such enterprises that are not taken over by the above-mentioned companies should be completely closed unless they are being run by the county SED or FDGB."
